

Avast Cleanup Premium

Next generation tuneup and cleanup for your PC

Speed up your PC

Your PC isn't getting any younger. Fix what's slowing you down with Avast Cleanup's Sleep Mode. It turns off startup items and other background activity to speed up your programs, games, and more.

Remove hidden junk

Deep-cleaning algorithms remove junk files from more than 200 programs, browsers, and Windows features. And our cloud-based reputation system detects and removes annoying bloatware, adware, trials, and more.

Troubleshoot with a click

Got PC problems? Our 1-Click Maintenance feature can quickly solve your most common problems, including broken shortcuts and broken registry items. Or choose Automatic Maintenance to have us regularly do the work for you.

Your most comprehensive PC optimizer and tuneup toolkit

Avast Cleanup includes everything you need to tune up your PC:

Sleep Mode

Our patented tuneup technology puts all resource-draining applications into hibernation to make your PC feel like new again.

Automatic Maintenance

Takes care of 6 critical cleaning and tuning tasks with just one click — or even fully automatically!

Shortcut Cleaner

Removes dead shortcuts from your desktop and history lists across Windows and other applications.

Browser Cleaner

Removes leftover browsing traces and even tracking cookies from the most popular browsers, including Edge, Chrome, Firefox, and IE.

Software Updater

Checks for and updates outdated programs to fix bugs and security issues.

Tuning Dashboard, Statistics, and Action Center

Offers a quick overview of your PC's health.

Registry Cleaner

Removes hidden junk from your Windows registry and fixes registry problems.

Disk Cleaner

Safely deletes leftover files from Windows and over 200 of the most popular PC programs.

Bloatware Removal

Detects and removes all those 3rd-party trials, ads, and toolbars you never wanted.

Disk Doctor

Checks your hard disk for errors and fixes them in no time.

System Tools

Comes with other useful tools like Registry Editor, System Information, and Shredder.
